PAWPRINT™

The Pawprint™ is a removable liner for the inside of your tent. It has the dual function of protecting your tent floor from boots and paws, and of adding serious comfort. The Pawprint™ is made of a machine-washable brushed fabric that is very soft to the touch. Place your sleeping pads between the Pawprint™ and floor to help them stay in place. With a clean, soft Pawprint™ under you, you might be able to save some weight and travel with a lighter sleeping bag or blanket.

Setup Instructions

Tent Attachment: To install, remove the Pawprint™ from its stuff sack. Lay it flat on the floor of your tent so the NEMO label faces up. If you would like to sleep with your sleeping pads under the Pawprint™ (recommended), lay your pads down first and make sure you have inflated them before installing the Pawprint™.

Care and Repair / Warranty

Wash Cold

NEMO guarantees every product we sell. We put a great effort into choosing the best materials and providing you with the highest level of workmanship. If one of our products does not meet your expectations during its useful life, we promise to repair it, replace it, exchange it, or give you a refund at our discretion. NEMO products carry a lifetime warranty against defects in workmanship and materials to original owner, with proof of purchase.

Tumble Dry
Low

NEMO does not warranty products against normal wear and tear, unauthorized modifications or alterations, improper use, improper maintenance, misuse or neglect or if the product is used for a purpose for which it is not intended.
