PENTALITE™ 4P WEDGE™

Installing the Wedge™ Inner Tent

1. Snap tub to Pentalite™ shell: With Pentalite™ 4P shell fully set up, align floor so that the mesh wall faces the vestibule. Attach Wedge™ corner anchors to the staked out corners, and connect snaps along floor to snaps on the Pentalite™ shell near the ground.

2. Insert pole end in Pole Port™: Slide the end of the Pentalite™ monopole through the Pole Port™ opening in the Wedge™ floor. Tighten drawstring to make bugproof. Note: Kayak paddles and other supports can sit on top of the abrasion-resistant fabric.

3. Attach Velcro® from tub to Pentalite™ shell: Align and attach Velcro® between the connected snaps. Hint: to get the best alignment, hold one adjacent snap in each hand and pull tension between them. Press Velcro® to secure.

4. Zip mesh to Pentalite™ shell: Zip the outer edge of the mesh panel to the flange inside the Pentalite™ tent. This zipper is only for attachment. Interior zipper should be used for a door.

Warranty

NEMO guarantees every product we sell. We put a great effort into choosing the best materials and providing you with the highest level of workmanship. NEMO products carry a lifetime warranty against defects in workmanship and materials to original owner, with proof of purchase. NEMO does not warranty products against normal wear and tear, unauthorized modifications or alterations, improper use, improper maintenance, misuse or neglect or if the product is used for a purpose for which it is not intended. If you are having a problem with your NEMO product, please visit www.nemoequipment.com/tent-manufacturer-warranty or call NEMO Customer Service at 1-800-997-9301.
