## OUR VISION

NEMO is founded on a commitment to adventure, to the fearless pursuit of uncharted paths, in everything from the equipment we build to the way we run our business. Bravely exploring new directions opens our minds, brings us closer to the people we depend on, sharpens our wits, and lifts our spirits. Adventure gives us purpose and perspective. It makes us humble and proud. We believe meaningful adventures are possible for anyone, anywhere. Possible, that is, if you bring the will, the imagination, and the right gear.

## ASTRO™ SERIES

Many miles from the hum and buzz of workaday life, the last thing you want to disturb your deep sleep is a pesky root or a fistful of gravel. Forget your typical inch-thick backcountry pad; Astro™ is 4 inches tall ( 25L ) and practically disappears into your pack. Lateral baffles make the pad feel wider and smoother, and 75D polyester fabric resists puncture while keeping the weight down. Astro™ pads include a stuff sack, compression strap, and repair patches.
